JOIN IN THE FUN

as we celebrate the Village of Butler's Centennial. This year also marks the 100th anniversary of William F. Cody's farewell appearance in the extravaganza known the world over as *Buffalo Bill's Wild West*.

His tribute to The Great American West blurred the lines between history and entertainment. But during its run that spanned four decades, Buffalo Bill's Wild West created a global identity for an emerging nation. At a time when technology was transforming everything in its path, Buffalo Bill's Wild West ensured that the spirit of the West would live on in the hearts and minds of virtually every man, woman and child on the planet.

So get ready to experience the action and adventure of Buffalo Bill's beloved West as his glorious entourage of sharp shooters and Congress of Rough Riders of the World bring this iconic page of history to life right before your eyes.
